Product description

This batch of used furniture dogs is the ideal tool for moving furniture and other heavy objects. Measuring 780x500x135 mm. The four nylon castor wheels, each 100 mm in diameter, ensure smooth movement on a variety of surfaces. Nylon is known for its abrasion and impact resistance, making these castors withstand long-term use in various environments. The castor wheels make it easy to move loads smoothly and effortlessly, even on rough or uneven surfaces. The non-slip profile on the surface of the doggie provides extra grip and stability, which can prevent the load from sliding.
