Product description

Kruizinga own brand gitterbox gray lacquered

Buy your new gitterboxes directly from Europe's largest supplier. This high quality steel mesh container is one of the most used/sold load carriers in the industry, especially in the steel industry due to its high load capacity and stackable capacity. This mesh container is ideal for small parts and very practical to use because of the 2 steel flaps at the front. Sturdy base on 4 steel legs suitable for forklift or pallet truck and accessible from all sides. The top has a raised edge for easy stacking of the mesh container and to prevent unexpected sliding. Also available in other colors at an additional cost, please contact us for the possibilities.

- construction material: steel
- floor material: wood with steel profiles
- colour: RAL7030
- content: 0.8 m³
- load capacity: 1000 kg.
- load capacity: 3000 kg.

Specifications
