Technical information Productnumber : 91-125TA7084

Product description

High quality hand pallet truck with short forks. This short fork pallet truck is ideal for confined spaces with a small turning circle. The large steering wheels make the pallet truck extremely easy to turn: maneuver pallets easily and lightly from A to B. The comfortable handle controls the lifting, driving and lowering of the pump truck manually. The torsion-free frame is made of sturdy steel construction and highly wear-resistant powder coating. Polyurethane tandem load wheels: high quality, comfortable and quiet. The tandem rollers perform particularly well on uneven surfaces and when picking up pallets transversely, this also ensures easier handling and minimal point load. Load capacity up to 2500 kg.

Specifications

Article arrangement: New Version: lifting height 85-200 mm Wheels front: solid rubber (steering wheel) Colour: yellow Surface treatment: painted Internal length (mm): 800 Height (mm): 1220 Application: hand pallet truck Options: short fork length EAN Code (Gtin) 8719424027747
