Product description

High quality Kruizinga.nl hand pallet truck, reliability for the best price. The large steering wheels make the pallet truck extremely easy to turn: maneuver pallets easily and lightly from A to B. The comfortable handle controls the lifting, driving and lowering of the pump truck manually. Equipped with a foot pedal for extra help during descent. The torsion-free frame is made of sturdy steel construction and highly wear-resistant powder coating. Tandem load wheels made of solid rubber: high quality, comfortable and quiet. The tandem rollers perform particularly well on uneven surfaces and when picking up pallets transversely, this also ensures easier handling and minimal point load. Load capacity up to 2500 kg.

Pallet truck type: standard

Load capacity (kg): 2500

Pump type: standard

RAL colour: RAL1003 (signal yellow)

Minimum height (mm): 80

Lifting height (mm): 200

Length of the forks (mm) : 1150

Width over the forks (mm): 550

Number of fork wheels: 4

Material of the fork wheels: polyurethane BLACK

Material of the steering wheel: rubber BLACK

Material of the pallet truck: steel

Material of the pump: painted steel (cast)

Specifications

Article arrangement: New
