Technical information

Productnumber : 98-8042GB

Product description

Used roll container with dimensions of 810x670x1530 mm. The roll container has two removable side walls. These side walls are electrogalvanised. This gives the roll container durability and protection against corrosion, making it suitable for use even in demanding environments or outdoors. The presence of a plastic bottom makes it easy to place and transport goods in the container. The two swivel wheels and two fixed-wheel castors ensure manoeuvrability and ease in moving the container, allowing it to move smoothly in different directions, even on different types of floors.

Specifications

Article arrangement: Used

Version: input gates

Walls: demountable

Wheels front: 2 fixed wheels nylon, 100 mm

Wheels back: 2 castor wheels nylon, 100 mm

Surface treatment: signs of use

Internal length (mm): 810

Internal width (mm): 610

Internal height (mm): 1340

Type number: 8042GB

Type: 2-sides

Material: steel/plastic

Floor: plastic

Subgroup: Roll cage used

Colour: green

Length (mm): 810

Width (mm): 670

Height (mm): 1530

Weight (kg) 22
