Technical information

Productnumber : 26-603.1G

Product description

Safe grip and highest carrying comfort. The 3-cup suction lifter convinces due to its large, non-slip gripping area and lies perfectly in your hand. The levers have an ergonomic and user-friendly design. Their extra wide surface enables optimum force absorption. The high-quality, PAH-free rubber pads in quality are their decisive quality attribute. They are dimensionally stable but still soft enough to adapt to the surface during vacuum generation. Compared to the 2-cup suction lifter, this 3-cup suction lifter stands out due to an 80% higher carrying capacity and can hold loads of up to 90 kg (two-fold safety factor). It is suitable for all materials and objects with gastight surfaces.

Specifications

Article arrangement: New

Version: with lever system, 3x Ø 120 mm

Colour: grey/blue

Weight (kg) 11

Additional specifications: suction disc ø 120 mm

Type: suction lifter

Material: plastic

Loading capacity (kg): 90

Type number: 600G

EAN Code (Gtin) 8719424147933
