## Technical information

**Productnumber : 38-FB6412-E1-N**

### Product description

Plastic stacking box E1 meat crate 600x400x125 mm 25 liters green. These meat crates are the standardized crates for the meat processing industry, also called pool E crates and can be used between temperatures of -30°C to +80°C. The meat crates meet the most recent EHI and DIN 55 423 standards. Equipped with a smooth bottom, making the meat trays suitable for use on roller conveyors.

Easy to clean, comply with hygiene HACCP for food industry production processes. Resistant to the most aggressive chemicals, acids and alkalis. HDPE plastic is tasteless/odorless and ensures a long life. 4 open handles for a pleasant handling. There are air perforation holes around the top for ventilation and cooling. All walls are studded for easy placement and removal of labels and stickers.

### Specifications

Article arrangement: New  
Version: E1 meat crate with open handles  
Walls: open handles  
Food-safe: yes  
Colour: green  
Internal length (mm): 570  
Internal width (mm): 370  
Internal height (mm): 120  
Weight (kg) 1.5  
Additional specifications: suitable for food industry

Type: stackable  
Material: HDPE  
Floor: closed  
Euronorm (mm): 600 x 400  
Length (mm): 600  
Width (mm): 400  
Height (mm): 125  
Volume (ltr): 25  
Type number: 38-FB-E1  
EAN Code (Gtin) 8719424079081
