

Technical information

Productnumber : 852562

Product description

Box truck with removable walls made of wood fibreboard. The trolley is equipped with two fixed castors and two high-quality swivel castors. With a load capacity of 600 kg or more, this platform trailer can be used for a wide range of purposes.

Due to the closed walls, rigid boxes are an excellent means of transport where the load must be protected against fall or impact damage. That is why they are often used in environments such as production halls and distribution centers. The transport trolleys are supplied as standard with rubber fixed and swivel castors with brakes, which makes the trolley very mobile in use.

All Fetra transport carts have an EU standard EN 1757-3 safety standard.

Specifications

Article arrangement: New

Version: walls detachable

Walls: high-quality wood fibre plate

Wheels front: 2 fixed wheels solid rubber 200 mm

Wheels back: 2 castor wheels 200 mm. wheel locks

Ral colour: 5007

Length (mm): 1120

Width (mm): 710

Height (mm): 990

Platform height (mm): 270

Weight (kg) 37

EAN Code (Gtin) 8719424019339

Type: Fetra container trolley

Material: steel

Floor: high-quality fibreboard

Subgroup: box carts

Colour: blue

Surface treatment: powdercoating

Internal length (mm): 1000
