Product description

Used platform trolley made of untreated steel. With dimensions of 1040x570x1400 mm. The trolley has four fixed shelves. The bins in the shelf holders are removable, allowing easy loading and unloading. For mobility, the trolley is equipped with two rubber swivel and fixed-wheel castors, each with a diameter of 70 mm. These rubber wheels ensure smooth and quiet movement of the trolley. Moreover, skids have been added for use with a forklift truck, making it easy to move the trolley over longer distances or when loading and unloading heavy loads.
