Technical information

Productnumber : 45-PEL24-HS-GB

Product description

A used steel locker cabinet with 24 lockers. A versatile and durable solution for storing personal belongings in various environments. These locker cabinets are often used in various industries such as schools, gyms, offices, locker rooms, factories and recreation centers. The locker cabinet is made of sturdy steel, which ensures durability and long-term use. The steel construction also provides security for stored items. With 24 lockers, the cabinet provides ample storage space for individual users. Each compartment features a separate lock for personal security (note! Supplied without padlock).
