## Product description

Used long material container with dimensions 6000x750x620mm. This steel long material container contains a peeled-off lacquered layer of green. With 2 forklift slots. The frame has six stacking edges and eyes, making the long material container easy to stack. Not certified for lifting.

Attention. The distance between both insert slides are wider than the ordinary forklift mast can go wide. Distance between slides are 1130mm to 1540mm.

Specifications

Article arrangement: Used	Type: stackable and hoistable
