

Technical information

Productnumber : 48-10439

Product description

All-round electric pump set suitable for concentrated acids and alkalis. Set consists of an 850W motor, 2 meter hose, a dispensing gun including wall holder and an adapter for mounting (only suitable for 2" holes). The pump has a pressure of 2.0 bar and pumps 100 liters per minute. Please note! The pump does not automatically stop pumping, you must stop this yourself with the switch.

Exclusively supplied with an IBC/drum!

Please note: This pump is NOT suitable for ethanol 96%!

See below for a manual:
