Product description

Galvanized steel nestable anti-theft roll container with 2 swivel (braked) and 2 fixed rubber wheels. These wheels are made of elastic rubber and offer excellent driving comfort. The anti-theft roll container is equipped with a door, a foldable plastic bottom, a foldable plastic floor and a foldable plastic roof. Thanks to the a-frame undercarriage, several roll containers can be compactly slid into each other. The roof is hinged downwards, the floor is hinged upwards, the door is hinged against the side wall and the side walls are hinged inwards. This saves you considerable space during storage and transport.
