Technical information

Productnumber : 12-8271EURDAT

Product description

The Master Lock cable with loop ends is 4.5 m long and has a 10 mm diameter steel braided cable for maximum strength and flexibility. The protective vinyl coating prevents scratches. The padlock has a 40mm wide coated laminated steel body for maximum strength and reliability. The shackle with a diameter of 9 mm is 29 mm long and made of hardened steel and is therefore extra resistant to cutting and sawing. The 4-pin cylinder prevents the lock from being picked and the double locking levers provide extra protection against breaking and slamming.

- Set includes cable with padlock and wall anchor
- 40mm wide laminated steel padlock with thermoplastic cover
- Black thermoplastic cover protects against scratches
- Hardened steel shackle
- Braided steel wire for robustness and flexibility

Specifications

Article arrangement: New

Version: with loops, incl. padlock and wall anchor

Colour: black

Width (mm): 10

Type number: 8271EURDAT

Type: cable lock

Material: steel/plastic

Length (mm): 4500

Weight (kg) 1.6

EAN Code (Gtin) 8719424173840
