

Technical information

Productnumber : 42.420.15.285

Product description

Photoluminescent warning tape - self-adhesive - lux white - 50 mm/25 m

Visible in poor light, even in the dark or in smoke

The photoluminescent warning marking is a high-quality self-adhesive tape for permanent marking indoors, for passages and escape routes, machines, transport routes or walls (as part of a safety system according to DIN 67 510).

Dangerous obstacles, obstacles or stairs are also recognizable in the dark and with smoke. Safety devices and emergency exits equipped with this photoluminescent marking are clearly visible even from a great distance. Supplied per roll of 25m x 50mm. According to DIN 4844 / ASR A1.3.
