

Technical information

Productnumber : 98-8066GB-AB

Product description

ATTENTION: THIS IS ONLY A SUPPLEMENTAL SECTION: To be able to place this extension section, at least one basic section is required (98-8066GB-S1), thereafter infinite extension is possible.

A used ADJUSTMENT SECTION serving shelf rack 98-8066GB-S1 with the dimensions 1100x600x2000 mm. A type of storage system used for efficient storage of goods. The shelves are treated with a hot-dip galvanized zinc coating, which protects the material from corrosion. This makes the storage rack durable and suitable for use in environments where exposure to moisture or other weather conditions are possible. Divided into three sections. This allows for organized storage of different types of goods and easy access to specific items. The shelving unit has 5 shelves. The shelves in the shelving unit are removable and height adjustable. This provides flexibility when storing goods of different sizes. It also makes it easy to clean or adjust the racking to changing storage needs. Suitable for use in a variety of environments, including warehouses, archives, workshops, and stores.

An add-on section consists of the following:

- 2x uprights of 200 cm
- 5x shelves of 105x60 cm
- 10x supports of 60 cm

Specifications

Article arrangement: Used
 Version: extension section
 Subgroup: Shelving used
 Surface treatment: galvanised with signs of use
 Internal width (mm): 1100
 Depth (mm): 600
 Type number: 8066GB

Type: static shelving rack
 Material: steel
 Colour: colorless
 Width (mm): 1110
 Height (mm): 2000
 Internal depth (mm): 520
 EAN Code (Gtin) 8719424235999
