Product description

Used plastic crate (800x600 mm) with a capacity of 115L equipped with perforated walls and bottom for ventilation and through-cooling. Equipped with 4 open handles for optimal handling. The stacking bins plastic are stackable and nestable. By simply rotating the bin you put empty bins together which saves space which is a great advantage for logistics. This storage bin is made of impact-resistant, food grade plastic. The bins are firmly stackable due to the wide stacking rim with stacking lugs. Frequently used in the bread and confectionery industry.

Caution! Suitable for the food industry, but not provable by certificate.
