Product description

Pallet offer consisting of 70 used plastic stacking bins with Euronorm dimensions 400x300 mm and a capacity of 27 liters. Standardized to European standards, allowing them to be used efficiently in various applications such as logistics, storage and transport. Designed to be safely stacked on top of each other. This maximizes storage space and ensures efficient use of available space. Equipped with closed handles, making it easy to lift, carry and move the bin without allowing dust or dirt to enter. Smooth interior walls prevent materials from snagging or getting damaged during storage. The bottom of the bin is reinforced, allowing it to withstand heavy loads and increasing the durability of the bin.

Caution! Heavily soiled (see photos).
