Technical information

Productnumber : 38-CT-120714

Product description

This stacking bin is a practical solution for storing and transporting goods. The bin is made of high-quality plastic.

The bin has a size of 600x400x320mm and is suitable for stacking. The bin is collapsible, allowing for space-saving storage. The bins are stackable both collapsed and unfolded. The bin is in anthracite colour and has open handles, making it easy to carry.

Advantages:

- Sturdy and durable construction
- Practical for storing and transporting goods
- Stackable
- Foldable for space-saving storage
- Open handles for easy transport

Specifications

Article arrangement: New

Version: all walls closed + open handles

Walls: open handles

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 320

Volume (ltr): 60

Type number: 38-CT

EAN Code (Gtin) 8719424229653

Type: stackable and foldable

Material: recycled polypropylene

Floor: floor closed

Colour: anthracite

Internal length (mm): 560

Internal width (mm): 360

Internal height (mm): 315

Weight (kg) 3.5

Additional specifications: remaining batch
