Technical information

Productnumber : 98-6937

Product description

Stackable and collapsible plastic stacking box made of high quality polypropylene with a capacity of 58 liters. This folding box with euro bin dimensions 600x400 mm is easy to fold and unfold by means of a hinged folding system. Equipped with closed walls with an open handle on each side for optimal handling. The folding crate has a smooth, hygienic design on the inside and are therefore easy to clean. The robust exterior and special stacking edges ensure stable stacking. Folding bins are used in many industries such as distribution, retail and delivery services. Are you temporarily not using the storage bins? Then you can simply stack these crates collapsed, resulting in a considerable volume reduction.

Specifications

Article arrangement: New

Version: all walls closed + open handles

Walls: open handles

Food-safe: no

Colour: grey

Internal length (mm): 550

Internal width (mm): 350

Internal height (mm): 300

Weight (kg) 3

Height when folded (mm): 80

Type: stackable and foldable

Material: polypropylene

Floor: closed

Euronorm (mm): 600 x 400

Length (mm): 600

Width (mm): 400

Height (mm): 320

Volume (ltr): 58

Type number: 6937

EAN Code (Gtin) 8719424227666
