## **Technical information**

Productnumber: 98-6643GB

## **Product description**

Used stackable plastic bin. Widely applicable for transport and storage. This stackable container has perforated walls 240 mm high and a perforated base, making it permeable to dirt and air, and thus providing optimum protection for the contents.

Suitable for export of flower bulbs, other agricultural products and the tree nursery sector. You can also use them as transport crates, warehouse crates or storage crates. Also called agrikrat, agricultural crate, agricultural bin or unpacking and supply crate.

Note! These bins contain different bottoms. However, they are stackable among themselves and have the same dimensions.

## **Specifications**

Article arrangement: Used Version: walls + floor perforated

Walls: perforated Food-safe: no

Surface treatment: signs of use Internal length (mm): 475 Internal width (mm): 280 Internal height (mm): 175
