

Technical information

Productnumber : 97-50045

Product description

This compact platform or assembly step stool is made for industry. The step stool is available in five different heights. The largest version has five steps and a standing height of one meter.

Headroom

With a standing height of 1000 mm, this step stool is ideal for working safely at lower working heights.

Material

The platform ladder has aluminum treads with checker plate profile. The frame consists of a strong, welded aluminum tube construction, which tapers for increased stability. The ladder has slip-resistant shoes made of plastic.

Options

The versions with three or more steps can be extended with a handrail on the left, right or end side. In all variants, except the 1x1 variant, the top step with an area of 550 x 300 mm is larger than the rest of steps.

Safety

Safety comes first. The platform ladder is therefore certified and complies with EN-14183 and the Commodities Act.

Important

The platform ladder is delivered with pre-drilled holes for the handrail.

Specifications

Article arrangement: New

Version: fixed construction, 5 steps, handrail

Subgroup: Stairs

Width (mm): 840

Weight (kg) 16.2

Horizontal platform (mm): 1000

EAN Code (Gtin) 8719424234916

Type: aluminium platform step ladder

Material: aluminium

Colour: colorless

Depth (mm): 1390

Type number: 97-500

Work height (mm): 3000
