Technical information

Productnumber : 38-IB40-01W

Product description

Shelving container 400x90x80 is resistant to most oils, acids and alkalis. The shelving rack box is equipped with stacking lugs so that it can be stacked firmly and safely. The bottom has small round bumps that provide more grip when grabbing the material.

This shelving rack or industrial bin is suitable for the storage of small parts or materials. The industrial bins offer space for a maximum of 6 dividers, one viewing window and are easily stackable with the same widths. Thanks to the labels that can be ordered separately, you can easily sort small parts and/or materials in your storage racks, grab stocks, order picking locations, service vehicles or workshop. The shelving bins are supplied as standard without dividers or labels. See the products below to complete it!

Specifications

Article arrangement: New

Version: stackable

Walls: walls closed

Food-safe: yes

Length (mm): 400

Width (mm): 90

Height (mm): 80

Stackable height (mm): 75

Volume (ltr): 2.2

Type number: 38-IB

Additional specifications: suitable for food industry

Type: with label holder

Material: polypropylene

Floor: closed

Colour: blue

Internal length (mm): 370

Internal width (mm): 80

Internal height (mm): 75

Loading capacity (kg): 2

Stacking load (kg): 6

Temperature resistance: -20/+80°C

EAN Code (Gtin) 8719424005141
