Technical information

Productnumber : 72GUE300V

Product description

Chip tipping container 300 liters galvanized. The ideal chip container under chip processing machines. Identical to our standard self-tipping type 20 but with the additional addition of sieve and drain valve for separating liquid and solid liquids. These tippers are great for sorting waste and moving and collecting your materials. Can be used anywhere where space is limited.

- Favourable load centre of gravity
- Tilting at any height with pull cable
- Sheet steel with all-round edge profile
- Stable base frame with drive-in sleeves - not suitable for pallet trucks
- Secured against unintentional slipping and tilting
- Oil and watertight
- Equipped with sieve - hole diameter sieve: 3mm, division 6
- Drain valve 1"

Optional:

- Supplied in blue, orange or colorless/thermal galvanized as standard. Other colors are available upon request.
- 2 swivel and 2 carrying wheels made of polyamide Ø 180 mm, of which one swivel wheel with lock, construction height 225 mm
- Galvanized lid, opens on 2 sides
- Fittings for crane, pallet truck and forklift truck
- Trailer fixture with drawbar

Specifications

Article arrangement: New

Version: standard construction height incl. sieve

Walls: oil- and water tight

Subgroup: Automatic tilting

Surface treatment: galvanized

Width (mm): 680

Height (mm): 580

Loading capacity (kg): 750

Type: wood chips container

Material: steel

Floor: sieve + draw-off tap

Colour: colorless

Length (mm): 1440

Internal width (mm): 600

Insertion height (mm): 60

Volume (ltr): 300
