## Technical information

**Productnumber : 854495**

### Product description

Warehouse trolley with four steel floors with welded-in wire mesh and practical push handle. The top three levels can be installed variably in a grid of 120 mm. The levels are adjustable at an angle of approx. 15° and 30°. Each floor has a load capacity of 50 kg and a total load capacity of 500 kg. The shelved trolley has been treated with a powder coating that makes it robust and scratch-free. Thanks to the two braked swivel castors and two fixed castors, the platform trolley is extremely handy and manoeuvrable.

### Specifications

Article arrangement: New

Version: loading surface / adjustable straight - diagonal

Walls: open

Wheels front: 2 castor wheels with wheel locks 200 mm.

Wheels back: 2 fixed wheels, solid rubber 200 mm

Ral colour: 5007

Length (mm): 1430

Width (mm): 620

Height (mm): 1800

Weight (kg) 73

EAN Code (Gtin) 8719424021004

Type: Fetra shelved trolley

Material: pipe material profile steel

Floor: floor - shelf (shelves), welded wire mesh, 140\*40 mm

Subgroup: shelved trolleys
