Product description

High quality workbench widely used in warehouse or packing departments. This height-adjustable work table is very suitable for applications for light or heavy assembly, packaging, repair and inspection work. The workbench has a scratch and impact resistant powder coating and a worktop made of 40 mm thick beech wood treated with clear linseed oil. The frame is made of steel and equipped with 2 beams. This makes the table easily adjustable in height (min. 65 cm, max. 100 cm). Distance between the adjustable heights is 4.5 cm.

Supplied with mounting material + drawings (see manual below).
